## Lande presents Dock table at Orgatec 2018

**Schijndel, Octobre 2018 - Lande presents the Dock table at Orgatec 2018 in Cologne. Dock is a stylish long wooden table with a steel frame that continues above the table. Several lamps can be attached to the frame. The combination of the frame and the lamps above the table creates an intimate atmosphere. The Dock of designer Kurt Van Overbeke, will be presented at the Lande stand B010 of Orgatec from 23 to 27 October.**

### Dock

Dock is ideal as a reading table or landing team table in an office or library. For example in a building where no lamps can be attached to the ceiling. Or high industrial buildings where the lighting is not sufficient.

The first stylish Dock tables are already in use in the offices of the Antwerp Port House. "As the name suggests, the table is inspired by a jetty", explains designer Kurt van Overbeke. "Dock is designed for the Port House in Antwerp. This company is responsible for mooring boats from all over the world. Mooring is also the function that the Dock table has within the office. A place where people come to for a brief consultations. "

The frame and the lamps above the table create an intimate atmosphere at the Dock. Van Overbeke: "In addition, the lighting cables also refer to the ropes on a dock to secure boats."

## High Dock

Dock is available in two different sizes. The table top can be 1 or 1.2 meters in widths. For the length can be chosen from 3.2 or 4 meters. In addition, the Dock table is now also available as a standing table in a height of 0.9 meter. The frame can be powder coated in different colors and the table top can be selected from different top layers.

## About Kurt Van Overbeke

Belgian designer Kurt Van Overbeke studied Interior Design at Sint-Lucas in Ghent. He mainly works on office projects in which the new way of working is explicitly present. Optimizing the spatial experience is essential for Van Overbeke. With that in mind, he also designed the Dock. In addition to designing furniture and interiors. In his work he goes in search of a refined form language that still manages to surprise.

## About Lande

Lande designs and produces furniture for modern work environments and meeting places that stimulate creativity and productivity. Lande has a wide collection of furniture for various spaces such as concentration of workplaces, a brainstorming room or a modern boardroom. The entire process from development to delivery to the end user is carried out in-house.

Lande is part of Lande Group from Schijndel. Lande Group is a family business in the furniture industry. Lande Group designs, produces and sells furniture for four strong brands: Artifort, Lande, Pörtner and Zwaardvis.
