Lande presents Extru Table at Design District 2018

Schijndel, June 2018 - Lande presents the Extru Table at Design District 2018 in Rotterdam. The presented Extru Table is a table and bar table in one. Also available as a loose table, a bar table or as a bench. With the striking corners the Extru Table is a real eye-catcher. From 6 to 8 June at Design District in the Tearoom, on the roof of the Van Nelle Fabriek, the Extru Table will be unveiled.

Extru Table

The Extru Table presented at Design District, is a table as well as a bar table. You can work or discuss sitting down or standing up. The design of this Extru Table is very suitable for flexible consultation or presentation. The possibilities are endless. This table offers employees an inspirational working environment that is in keeping with the New World of Work, like a daily scrum meeting.

The Extru Table has distinctive rounded corner elements. These elements are delivered in all colors from the Lande powdercoat collection. This allows the table to be designed to your own taste.

The Extru Table is also available as a separate table, bar table or as a bench. The tables can be expanded with a turn point and cable entry for a power point.

About Lande

Lande designs and produces furniture for modern work environments and meeting places that stimulate creativity and productivity. Lande has a wide collection of furniture for various spaces such as concentration of workplaces, a brainstorming room or a modern boardroom. The entire process from development to delivery to the end user is carried out in-house.

Lande is part of Lande Group from Schijndel. Lande Group is a family business in the furniture industry. Lande Group designs, produces and sells furniture for four strong brands: Artifort, Lande, Pörtner and Zwaardvis.
